

Addicted To You

Capo 3

G D C
This might be the last time I come running when you call my name
G D C
Cos I'm running out of ways to stop this turning out the same

Em D
When the lights go out all we do is shout
C D
But there's nothing left to fight about
Am Em
When the words run out, all the tears roll down
D
It's a sign that we should go without
But I'm

G D Em
Addicted to you, and I hate that it's ending
C
Can we just not keep pretending that we're not
G D Em
Falling through, I don't wanna make you sour
C
Smiles taste sweeter on you

Em D C
This might be the last time you call up my phone at 3am
G D Em C D
Cos I'm gonna call quits on all of the bad bits, that we use again and again and
Em
Again
Em D C
Rewind to the first cut, I know it hurt but
D
I think that it's time that we both put
Am Em
Our weapons away, can you meet me halfway?
D
I'm only fighting cos I wanna stay
Cos I'm

G D Em
Addicted to you, and I hate that it's ending
C
Can we just not keep pretending that we're not
G D Em
Falling through, I don't wanna make you sour
C

Smiles taste sweeter on you

D Am C
Fighting's making flavours fade, if this love decays

G
Will I be on my own if I stay?

Am C Em
Have you laid this down already, this love's unsteady

D
But I'm standing tall cos I'm

Addicted to you, and I hate that it's ending
Can we just not keep pretending that we're not
Falling through, I don't want to make you sour
Wanna make you sour cos I'm

Addicted to you, and I hate that it's ending
Can we just not keep pretending that we're not
Falling through, I don't want to make you sour
Smiles taste sweeter on you
